

PalletBuster

SIMONDS®

BI-METAL

CARBON

***Cut
Nails,
Not
Profits***

PalletBuster® is manufactured specifically for recycling used wood pallets.

The Bandsaw Blade of Choice for Pallet Disassembly

Pallet Disassembly is one of the toughest jobs out there. And it's one of the most demanding band saw applications going — period.

When you're trying to convert used pallets into profit, you need a band saw blade that won't let you down, a blade you can depend on.

Pallet Buster, the user's choice for pallet disassembly!

SIMONDS®

The Professionals' Edge™

PalletBuster is manufactured specifically for pallet band saw disassembly operations. The range was developed with input from real pallet dismantlers, and has been proven, day in and day out, across North America.

Available in both economical Carbon and long-lasting Bimetal, **PalletBuster** resists snagging on nails. Our application-designed tooth geometries outlast the competition. And the special tooth set assures nails are cut with a minimum kerf loss.

Pallet Buster—The User's Choice
